Florian Abeillon

Looking for a 12-week internship (Jun. - Aug. 2019)

Sophomore at Ecole Polytechnique, I am curious, fast-learning and competitive.
Great leader, strong-willed, I like to overcome myself and to impulse dynamism into
team projects. To innovate, to impact and to success are my main drivers.

💼 WORK EXPERIENCE

● Section Representative May 2018 - Present

Ecole Polytechnique, Paris - Elected to represent 45 students: managing
administrative tasks, organizing events to create social cohesion;
proactive as interface with hierarchy.

● Student project Sep. 2018 - Oct. 2019

Ecole Polytechnique, Paris - In charge of website (destiny.binets.fr) and
thermal simulations (Fusion 360) in DESTINY, a 10-student project in
collaboration with the ESA to launch atmospheric balloons to study quakes.

● App developper Sep. 2018 - Nov. 2018

Ecole Polytechnique, Paris - Development of a mobile app by myself
(HTML5, JS/Node.js, CSS, PHP) to ease events creation/participation,
schedules organization and chats within the section.

● Student project Sep. 2016 - Jul. 2017

Lycée du Parc, Lyon - Study of a sail physics with a fellow student based
on model experimentations. Responsible of numerical simulations
(Ansys v.17.2) and data analysis to optimize the sail performances.

🎓 EDUCATION

● Master of Science 2017 - 2021

Ecole Polytechnique, Paris - France's leading school of Science and
Engineering (2nd in world's best small Universities 2018 THE ranking).
GPA: 3.75/4
- Computer Science - Java/C++ classes, Machine Learning, Big Data analysis,
  theoretical algorithmic and 3D-modeling (C++/OpenGL).
